**Abstract**

This is a handy Algorithm Library(I thought).

# Contents

# 1 header

```
1  #include <cstdio>
2  #include <queue>
3  #include <algorithm>
4  #include <cstring>
5  #include <cstring>
6  #include <vector>
7  #include <complex>
8  #include <deque>
9  using namespace std;
```
